TURKISH COMMENT ON SITUATION IN NEAR EAST

RUSSIA'S ONLY APPROACH TO
CONSTANTINOPLE IS BY
WAY OF VIENNA

Berlin, Nov. 28.—(By wireless to Sayville, L. I.)—The following information was given out today by the official bureau:
"Turkish newspapers, commenting upon the situation in the Mediterranean, brought about by Turkey's action, say that if Turkey liberates Egypt, political dissension will disappear.
"Since the French established a naval base at Bizerta, Tunis, Italy has been threatened in the Mediterranean. She has likewise been menaced at Bengazi by the British naval base in the gulf of Soloum. Italy is thus in a perplexing situation. Victory for Turkey and her allies, these newspapers say, will extricate Italy from those dangers.
"The Tasiri Effkar of Constantinople says that Russia's only way of approach to Constantinople is by way of Vienna, since Italy and Rumania are the masters of the Russians in the Adriatic as well as in the Black sea."

STUCCO EFFECT IS POPULAR AND
SKIRTS ARE TO BE VERY
SHORT IN FUTURE

Chicago, Nov. 28.—Stucco gowns or clothes with a touch of sand paper or putty that are the latest style, according to the weekly bulletin today of the Fashion Art League of America. White hats and white topped boots or spats should be worn with these creations.

Skirts should be short and flaring for slim figures or slightly bell shaped for stout figures and medium short in length, says the bulletin. The short coat is given preference.

"The black hat is giving away to the more popular shades which will replace these colors before midwinter," advises the fashion guide. "The styles are wavering between the large and small shapes."

ANTI-SUFFRAGISTS DO NOT WANT PRESIDENT TO SEE SUFFS

Washington, Nov. 28.—In protest against the latest request of woman suffrage leaders for an audience with President Wilson, to ask his support for a constitutional suffrage amendment, Mrs. Arthur M. Dodge, president of the National Association Opposed to Woman Suffrage, addressed a letter to the president today setting out arguments against the proposal of the suffragists.

Mrs. Dodge wrote that the attempt of the suffragists to get popular endorsement at the last elections had been a dismal failure and protested "in the name of 20,000,000 mature women in America, who are not suffragists," against national legislation, "that would nullify the expressed will of the majority of men and women in the separate states to decide this issue according to their constitutional provisions."

Mrs. Dodge declared that, taking figures presented to the credentials committee at the recent suffrage convention in Nashville, there were less than 200,000 women suffragists in the United States—less than 1 per cent of 24,555,654 mature women in America. She included in her letter extensive statistics to show that a great majority of women do not want the ballot.

President Wilson at previous audiences given the suffragists has consistently reiterated theirs was a state and not national issue.

MURDER IS CHARGED TO TRIO OF MONTANA FARMERS

Glendive, Nov. 28.—James Harry, his father, Benjamin, aged 76, and Lester Black, farmers in the Big Dry country, 125 miles northwest of Glendive, were arrested yesterday in connection with the alleged murder of a homesteader, Frank A. Garringer, whose body was dug up in a cellar, either, according to the officers, belonging to the Harrys or close to it. The officers say the motive for the alleged crime was an attempt to gain possession of Garringer's homestead and a considerable sum of money.

DRUM-LUMMON MINE IS SOLD FOR A SONG

Helena, Nov. 28.—The famous Drum-Lummon gold mine at Marysville, discovered by Colonel Thomas Cruse about 28 years ago, and sold by him to a syndicate for something over \$1,000,000, and from which many millions of dollars' worth of ore were taken, was sold today at sheriff's sale for \$11,456.

The sale was ordered by the court as the result of a suit against the St. Louis Mining & Milling company, the holding company, to satisfy a judgment of \$10,000 and court costs, allowed for labor claims. The purchasers were B. Bator, Frank Trudell and C. S. Caird, who brought the suit in behalf of the lien holders. No statement is forthcoming as to the future of the mine.
